Os Sen Voz Galicia:

A vida de Manuel Murguía Xesús Rábade Paredes, 2000 No libro A vida de Manuel Murguía o escritor Rábade Paredes consegue achegarnos un dos grandes fundadores do pensamento galego homenaxeado co Día das Letras Galegas no ano 2000 Tracexando os fitos da vida do ilustre historiador e primeiro presidente da Real Academia Galega Rábade Paredes esboza na primeira parte desta biografía de maneira clara e amena o que foi a situación deste intelectual no contexto da época que lle tocou vivir e do que el mesmo foi un dos teóricos importantes Na segunda parte do libro podemos ver expostas as liñas fundamentais do pensamento de Murguía en particular as ideas en torno a Galicia os seus alicerces culturais e a súa definición no conxunto dos pobos da Península Ibérica Finalmente na terceira parte Rábade Paredes recompila textos de diferentes autores que falan de Murguía ofrecendo público lector unha sinopse moi til das perspectivas e comentarios máis salientables redor do pensador galego *A Lingua Galega: Historia E Actualidade Vol. II*, 2004 [Peripheral Visions/global Sounds](#) José F. Colmeiro, 2017 This book examines contemporary audio visual production in Galicia as privileged channels through which modern Galician cultural identities have been imagined constructed and consumed both at home and abroad **Peripheral Visions / Global Sounds** José Colmeiro, 2017-06-23 Galician audio visual culture has experienced an unprecedented period of growth following the process of political and cultural devolution in post Franco Spain This creative explosion has occurred in a productive dialogue with global currents and with considerable projection beyond the geopolitical boundaries of the nation and the state but these seismic changes are only beginning to be the subject of attention of cultural and media studies This book examines contemporary audio visual production in Galicia as privileged channels through which modern Galician cultural identities have been imagined constructed and consumed both at home and abroad The cultural redefinition of Galicia in the global age is explored through different media texts popular music cinema video which cross established boundaries and deterritorialise new border zones where tradition and modernity dissolve generating creative tensions between the urban and the rural the local and the global the real and the imagined The book aims for the deperipheralization and deterritorialization of the Galician cultural map by overcoming long established hegemonic exclusions whether based on language discipline genre gender origins or territorial demarcation while aiming to disjoin the center periphery dichotomy that has relegated Galician culture to the margins In essence it is an attempt to resituate Galicia and Galician studies out of the periphery and open them to the world [O proceso de normalización do idioma galego \(1980-2000\)](#).
